PRESIDENTIAL PRIMARIES  
BEING HELD IN TWO  
STATES TODAY.

#### INTEREST IN WEST

Chief Issue Is Senator's  
Strength in Home Dis-  
tricts.

[BY ASSOCIATED PRESS.]

Baltimore, Md., May 4.—Major General Leonard Wood defeated Frank Johnson of California in an unusually light vote yesterday in the presidential primaries for Maryland's preference for the republican nomination for president by a majority of 7,841 according to practically complete returns today. The vote was: Wood, 15,900; Johnson, 8,059.

General Wood carried all four legislative districts in Baltimore and all but two of the 23 counties. According to the returns General Wood will have 116 of the 129 delegates to the state convention which will name 16 delegates to the national convention.

#### HOOVER AND JOHNSON RACE IN CALIFORNIA

San Francisco, May 4.—Whether California's delegation of 28 to the republican national convention next June will be pledged to the candidacy of Senator Hiram W. Johnson or Herbert C. Hoover was the chief issue in today's presidential primary election. The registered vote of the state is 1,111,122.

#### HEAVY VOTE EXPECTED IN INDIANA ELECTION

Indianapolis, Ind., May 4.—Fair weather and a deep rooted interest in the campaign is expected to produce a heavy vote today in the Indiana preferential primary. Special interest centers in the republican presidential contest in which the leading aspirants are asking support. Major General Leonard Wood, Gov. Frank O. Lowden, Senator Hiram W. Johnson and Senator W. H. Bland are all active supporters of state wide organizations and each has conducted a comprehensive speaking tour of the state. All expect the Indiana executive made their final appeal to the Indiana voters in addresses last night.

No candidates for the democratic nomination for president on the ballot and the Indiana law forbids the writing of names.

Four democratic candidates are seeking the endorsement for the gubernatorial nomination. William H. Bryan has endorsed the candidacy of Jan. K. Risk as he is the only candidate who has touched on the major issue and is an avowed "dry." Three republicans are in the race for the nomination for governor.

Senators are unopposed. Senator James M. Watson, Rushville, is unopposed for the republican nomination for United States senator and so is U. S. Senator Thomas Taggart, French Lick Springs, the democratic nomination for the same office.

The voters also will select delegates to the state convention of both democratic and republican parties, which will choose delegates to the national conventions.

#### KENTUCKY DEMOCRATS MEET IN LOUISVILLE

Louisville, Ky., May 4.—Approximately 2,500 democratic leaders of Kentucky gathered here today to elect a large and district delegates to the national democratic convention from Kentucky and formulate plans in preparation for the November elections.

A majority of the delegates in today's convention who were elected Saturday at county mass conventions, are pledged to support the candidacy of Gov. J. M. Cox of Ohio.

#### MARRIAGES OUT OF STATE, VALID

[BY ASSOCIATED PRESS.]

[BY ASSOCIATED PRESS.]  
Pontiac, Mich., May 4.—How the state expects to prove its case against Anson Best, charged with the murder of Vera Schneider, 19-year-old telephone operator, April 24 was outlined in circuit court here this forenoon by Prosecutor G. C. Gillespie.

The prosecutor described events leading up to Best's arrest and admission of guilt.

He confessed to the crime and then denied the confession claiming it was forced from him.

#### METHODISTS ARE OPPOSED TO IRELAND

[BY ASSOCIATED PRESS.]  
Des Moines, Ia., May 4.—Resolutions urging defeat of any proposed action by congress which would recognize Ireland as a separate republic were adopted by the Methodist Episcopal church general conference today.

Another set of resolutions introduced and referred to committee would petition congress for legislation which would prevent sending into any state territory or possession of the United States and the interstate transportation of gambling devices and machines. This resolution went to the committee on temperance, prohibition and public morals.

#### 20,000 MEN OUT IN SAWMILL STRIKE

Rhineland, Wis., May 4.—The second day of the timber workers strike in Wisconsin, Michigan and Minnesota, opened with conditions about the same as yesterday, according to officials at district headquarters here.

Herman Coase, secretary of the district organization, in a statement this morning declared that about 20,000 of the 22,000 members of the union in this district were on strike.

"We have not received reports from all our local unions, but I am confident that it is safe to say that at least 20,000 of the 22,000 men are not working."

Private advices indicate that in the larger cities the men are out in force, while they are working in some of the smaller places.

C. O. Young, general organizer of the American Federation of Labor, who has charge of the strike, made a denial of a Milwaukee report yesterday that the timber workers are making demands for anything other than the eight hour day.

#### WILSON WILL VETO KNOX'S RESOLUTION IS OFFICIAL BELIEF

ADMINISTRATION FRIENDS  
CLOSE TO PRESIDENT  
SEE DEFEAT OF  
MEASURE.

#### NO PEACE ALONE

Executive Stands Firm in De-  
mand for League of Na-  
tions Action.

[BY ASSOCIATED PRESS.]

Washington, May 4.—In the opinion of administration officials close to President Wilson the Knox peace resolution is certain to be vetoed if adopted by congress.

It was said at the White House today that no one had been authorized to speak with final authority for the president, but it was intimated that the general expectation among those in his confidence was that he would adhere strictly to the position he announced last summer against any form of separate peace.

Has Knox Changed Mind  
In outlining their belief that the president would veto such a resolution administration officials recalled his letter to Senator Fall last summer declaring that to make a separate peace would be a stain on the nation's honor.

They said they knew of no reason to believe that the chief executive had changed his mind.

That is the view held by many administration senators who are expected to fight the peace resolution, but who also expect that if it is passed the president will return it to congress unapproved.

Glass at White House  
Senator Glass, democrat, Virginia, who on previous occasions has been consulted by his colleagues regarding the president's position on issues of the treaty fight was at the White House today and had a long talk with Secretary Tumulty.

Senator Glass said he did not see the president and both he and Secretary Tumulty declined to reveal details of their discussion.

Democratic members of the senate foreign relations committee, which is to report on the Knox resolution, are expected to make a strong case for its passage.

Senator Hitchcock, ranking democratic committee leader, said no definite course of action was decided upon.

"We plan however," he said, "to let the republicans open the debate. There will be no obstruction or filibuster from the democratic side. I am sure, and I do not anticipate expenditure of debate."

It is not expected that the resolution will be held continuously before the senate daily, but that discussion will be interrupted by the senators who desire to speak and without interfering with important legislation.

#### YOU CAN'T BUY BOOZE RECEIPT; AGAINST LAW

[BY ASSOCIATED PRESS.]

Chicago, May 4.—Persons who buy or sell materials or receipts for the manufacture of intoxicating beverages are violating the prohibition act, according to a ruling received here from Washington this morning by Herbert Howard, prohibition director of Illinois.

The ruling specifies that if the sale is made under circumstances which indicate that the manufacturer of intoxicants is the object, parties are liable.

Mr. Howard said that the sale of raising hops and utensils used in the manufacture of home brew will be subjected to rigid investigation.

Washington, May 4.—The conference report on the deficiency appropriation of \$30,000,000 for the rail administration was approved today by the house. The bill now goes to the president.

#### MOONSHINE IN NEBRASKA

[BY ASSOCIATED PRESS.]  
Washington, May 4.—Prohibition enforcement, Representative Gallivan, Democrat, Massachusetts, declared today in the house.

There are reports that stills now being used for the manufacture of moonshine are being destroyed by the federal agents. Gallivan said, adding that the bulk of Anti-Saloon League funds are used to hire special agents to locate stills.

There were 2,008 stills found in Georgia, in 1918," he declared, "534 in North Carolina and 26 in Nebraska the home of the first apostle of grape juice."

Washington, May 4.—Blind tigers are being respected by congress and the public. Members of congress could tell in bootleggers who have become respectable citizens of the communities in which they live.

#### Uxoricide Leads To Her Grave

[BY ASSOCIATED PRESS.]  
Dineland, Calif., May 4.—The body of Nine Lee Delaney was found by the searching party directed by Walter Andrew Watson, her alleged slayer, at 10:10 o'clock today.

Five miles north of Coyote Wells, Watson halted the ambulance in which he was riding. "There's the girl," he said. Assisted by deputy sheriffs, Watson walked to a spot near a small cliff. "There's the ledge," he said, pointing.

Deputy sheriffs turned a few shovelfuls of earth and revealed the body.

[BY ASSOCIATED PRESS.]  
El Centro, Calif., May 4.—(Writer Andrew Watson, alleged bigamist and murderer, left here today for the spot in the mountains between El Centro and San Diego where, according to his reported confession, he recently buried the body of Nine Lee Delaney, one of his wives, whom he had previously slain.)

#### FIGHT FOR CONTROL OF KIEV IS RAGING

Bolsheviks Entrenched in Hills  
With Back to Ukrainian  
Capital.

[BY ASSOCIATED PRESS.]  
Warsaw, May 4.—The Bolsheviks are entrenching in the hills on the west bank of the Dniester in a great semi-circle with their backs against the Ukrainian capital, Kiev.

The fight for possession of Kiev is at its height, raging day and night along the line through the valleys and rivers.

Kiev Not Bombarded  
Both sides are using artillery, but Kiev has not yet been bombarded by the Poles. It is reported that the Poles who are within 45 kilometers of Kiev, are making extensive use of automobiles, and other modern equipment.

From the north the Poles are proceeding southward, following the Dniester river with a flotilla, using some monitors recently taken at Czernobyl, the flotilla area of the river.

stituents.

[By Gazette Washington  
Correspondent]

Washington, May 4.—Congressman Clifford E. Randall told the Gazette representative today that he was a candidate for reelection to a second term in congress and that he would make his formal announcement within a short time.

Seattle, Wash., May 4.—Mr. Randall's record in the present congress reveals that he not only adhered to the principles of the republican party in voting upon pending legislation but that he also took active part in the formulation of several of the important measures introduced in the session.

As a member of the Berger investigating committee he assisted in the work of preparing legislation which eventually led to the disbandment of the Milwaukee socialist and he supported the measure by his vote on the floor of the house.

On Marine Committee  
Serving on the important Merchant Marine committee he took part in the formation of several measures vital to the American Merchant Marine.

As a member of the Indian Affairs committee he joined in the task of investigating the affairs of the bureau of Indian affairs and reporting corrective legislation.

Mr. Randall is also a member of the Committee on Revision of Laws which is now engaged in codifying the statutes of the United States.

Advocates Farm Legislation  
Mr. Randall has been a consistent advocate of legislation which would exempt farmers organizations from the provisions of the Clayton Anti-Trust law.

He has maintained a friendly attitude toward organized labor both by his votes and speeches in congress.

#### FALL OF JUAREZ IS FORERUNNER OF ATTACK ON CAPITAL

SONORA REVOLUTIONISTS  
GAIN VIRTUAL CON-  
TROL OF CHIHUAHUA  
STATE.

[BY ASSOCIATED PRESS.]

Juarez, May 4.—The bloodless revolt of Juarez yesterday and capitulation of Gen. Francisco Uruales and his Yaqui Indians at Casas Grandes virtually gave to the Sonora revolutionists control of Chihuahua state and paved the way for an unobstructed advance against El Paso from whence a campaign is to be launched against Mexico City.

Events moved rapidly. At 2 o'clock the garrison revolted and a popular celebration followed. Federal officers unfavorable to the revolution were superseded. Abel S. Rodriguez, former national senator, was named provisional governor.

Control Customs Houses  
With the capitulation of Juarez the revolutionists were given control of the major portion of the customs houses through which hundreds of thousands of dollars in revenue is developed for the Mexican government.

At Chihuahua City, state capital, order is being preserved, political prisoners have been set free, and protection has been assured American and other foreigners.

Tentative plans of the revolutionists, call for the entrance into Chihuahua with six thousand troops, who will proceed to Torreon and from thence to Mexico City.

AMERICAN LINES ARE  
BEING SAFEGUARDED

Washington, May 4.—Relief was shown in government circles and by revolutionary agents here yesterday that the revolutionists, where revolutionary fighting always has been a potential international danger,

## BAKER IS PICKED IN THIS DISTRICT

LaFollette Touches Kenosha  
Attorney With His Rod of  
Divine Selection.

Kenosha, Wis., May 3.—The News prints the following:  
"That Robert Verne Baker, well known Kenosha attorney, is the personal choice of Senator Robert M. LaFollette as the leader of his forces in the First Wisconsin District as a candidate for the Republican nomination for Congress, was the interesting inside political information which became known in Kenosha today. It is declared that the Senator is insistent that Attorney Baker make the race for Congress and that he is ready to put all his influence behind Mr. Baker to land the nomination for him."

"It is declared that the Senator formally announced his decision on the First Wisconsin Congressional candidacy some days ago and that Mr. Baker has not as yet consented to accept the suggestion and make the race on account of the fact that he has pledged himself to the support of Henry Allen Cooper who announced some time ago that he planned to stage a 'come back' campaign."

Overboard with Cooper  
"It is true that Senator LaFollette has declared himself in favor of the nomination of Mr. Baker for Member of Congress in this district," said Clarence Dodson, secretary of the local LaFollette organization this morning. "No formal action has been taken to put Mr. Baker into the race, but Mr. Baker has been making his home in Kenosha and will soon move there."

Postmaster P. T. Moore had business in Kenosha Saturday.  
Mrs. Ed. Grenawalt and Miss Fannie Douglas were among those who spent Saturday in Kenosha.  
Mr. and Mrs. P. D. Swann have decided to return to Brodhead to make their home, after an absence of many years.  
A lodge of the Pythian Sisters will be in Kenosha Monday evening, May 17. There are about 150 signers for the petition for the lodge.

Mr. Baker has told Senator LaFollette his feelings in the matter, but the Senator is still of the opinion that Mr. Baker is the strongest man to make the race and that he is the logical leader of the LaFollette followers in the district. It is believed that other action will be taken in the matter later. Kenosha men who have worked with Baker make no secret that he is their first choice and with powerful backing from Senator LaFollette, he should be nominated with ease.

Judge Rosa to be Bittled  
"Dodson declared that the hesitancy of Baker to enter the campaign was due to the fact that the LaFollette men were anxious to avoid a division of the vote in the district. It was suggested that Judge Rosa of Beloit would be in the race, but the answer was that the Judge would probably be called off and that there would be but one LaFollette candidate for Congress and that would be either Baker or Cooper with Senator LaFollette having a preference for the Kenosha man. It is admitted that the LaFollette men are fearful that the fact that he kicked over the party trapes two years ago would mean a hard fight to get him anywhere the next time. Rosa to be Bittled.  
Judge Rosa of Beloit, has always been one of the leaders of the progressive in the district but it is declared that he is just a little out of the good graces on account of the fact that his zeal was in support of the delegates for the Republican convention in the recent campaign. It was declared by the local LaFollette men that Judge Rosa did little or no work in the campaign to secure the election of LaFollette delegates to the convention and that on account of his lack of interest in the campaign the delegates did not get nearly so large a vote as had been hoped for. "Rosa just got home in time to vote," said one of the LaFollette men."

Miss Miriam Decker, Janesville, set a new state record when she wrote 80 words per minute in the shorthand contest without error.

Mildred Look, Janesville, took second in this contest, writing 80 words with only three errors, equaled but once in state contests.

Miss Lorraine Baumann, fourth in senior typing; Miss Madge Chatfield, first in junior typing; Miss Lois Bear, fourth in junior typing; and Miss Eileen Dixon and Joseph Kellogg, third and fourth in penmanship, were the only others from Janesville who placed.

Results of the contests follow:  
Senior Typing, Rate Per Minute—Joyce Adams, Whitewater, 57.2-3; Stanley Water, Whitewater, 39; Genevieve Nichols, Edgerton, 37.1-15; Lorraine Baumann, Janesville, 35.1-15.

Junior Typing Rate Per Minute—Madge Chatfield, Janesville, 35.4-6; Ethelyn Anderson, Whitewater, 35.1-15; Anna Weinberg, Whitewater, 32.9-15; Lois Bear, Janesville, 28.

Shorthand, Errors in Translation—Miriam Decker, Janesville, 100 percent accurate; Mildred Look, Janesville, 92.5; Shirley Dietz, Monroe, 85.5; Helen Morris, Monroe, 84.

Penmanship—Cordia, Shetter, Nevada; Rebecca Smith, Whitewater; Eileen Dixon, Janesville; Joseph Kellogg, Janesville.

TOWN LINE  
[By Gazette Correspondent.]  
Town Line, May 4.—Mr. and Mrs. F. C. Woodstock, entertained Sunday, Mrs. Woodstock's brother, Howard Edwards, wife and three daughters, Evansville, Mr. Young, Baraboo; and Mr. and Mrs. Alfred Bern and daughter Lillian, Orfordville.

The Rev. and Mrs. P. G. Codd, and four children of Omro, Wis., were guests Friday night of Mr. and Mrs. L. C. Walters. They were enroute to Carroll, Iowa, where Mr. Codd has accepted the pastorate of the Baptist church. Mr. Codd was at one time pastor of the Baptist church at Afton.

Mrs. Ira Larabee entertained Mrs. Frank Jung, Jefferson, Saturday. Other guests Sunday at the Larabee home were Mr. and Mrs. Henry Knopes, town of Harmony.

Town Line school is closed for a few days because of the illness of the teacher, Miss Olive Hupel, Janesville.

Mrs. Larabee is able to be out after a week's illness caused by a carbuncle on his face.

Eddy Walters spent the week-end with his sister, Mrs. Howard Lentell, Beloit.

Three billion silver dollars were shipped from San Francisco to China on Christmas day.

Arbor Day Gov. Philipp Designates Friday, May 7, as Fitting Time to Care for Trees, Yards, and Birds.

Madison, May 4.—Gov. E. L. Philipp has issued the following proclamation, designating Friday, May 7, as Arbor and Bird day:

The season of spring is with us. Nature is awakening; the trees are budding and the birds have returned to their summer homes. It is a time when we should all be impressed by the beauties of nature and we should be willing to aid her in her effort to please us by ornamenting our home surroundings, particularly our yards and lawns by planting flowers and trees, all of which adds beauty to the city and the country.

We should also give our attention to the bird life by building suitable houses or bird homes for them and do all things that will bring these beautiful creatures closer to us, in order that we may have the full enjoyment of their presence.

Nature is kind to us. If we will give her an opportunity, she will not entirely unfold her beauty without an effort on our part, and it is with this thought in mind that the legislature of our state has provided by statute that a day be set aside during the month of May on which the things which I herein call attention to shall be carried out.

It is important that the school children of the state receive instruction in the value of plant and bird life, and I suggest that sufficient time be set aside for appropriate exercises and lectures by the teachers upon this important subject on the day set apart for it.

In accordance, therefore, with the established law and custom, I, Emanuel L. Philipp, governor of the state of Wisconsin, do hereby proclaim Friday, the seventh day of May, 1920, Bird and Arbor Day.

Roosevelt Coins Will Commemorate Pilgrims

Washington, May 4.—Coinage of a Roosevelt twenty-cent piece is authorized by a bill passed Monday by the senate. The senate also acted favorably on house bills authorizing coinage of 50-cent pieces to commemorate the 30th anniversary of the landing of the Pilgrims and the 100th anniversary of the admission of Maine and Alabama into the union.

TIMBERWORKERS' STRIKE NOT TO AFFECT JANESVILLE

The strike of union timber workers, both factory and woodmen, in upper Wisconsin, Minnesota and Michigan, will not be felt here for some weeks, to come. Janesville lumber dealers stated today.

Albert Schaller, of the Schaller & McKey Lumber Co., said it will be several weeks before a shortage will be in evidence in the city, providing the trouble continues that period.

George Kimball, of Thoroughgood & Co., cigar box manufacturers, said there is no trouble in that plant. The men here are not organized. Mr. Kimball would not venture an opinion as to the effects of the strike.

Lumber yards in this section depend almost entirely on the northern mills for stocks. It was explained. Both rough and finished lumber comes from the up-state mills. Substantial supplies are in the local yards and the strike would have to continue for three weeks or more before a lumber famine would be noticeable in Janesville.

There are a number of planing mills in the city equipped to turn out the finest of interior finishing.

Samson's home building operations on the hill near the institute for the blind will not be held up as thousands and thousands of feet of lumber have been there for months, purchased early so as to eliminate any delay when the season opened.

MERCHANTS GIVING FULL MEASURE HERE

That Janesville merchants are giving full measure, or at least are trying to do so, is the summary of the quarterly report of W. H. Sullivan, city scaler, received at the council meeting last night. He says during the first three months of 1920, he made 48 tests in 15 grocery stores and found 16, and condemned 26 for repairs. Fourteen were condemned outright.

Mr. Sullivan expects to have all scales and measures in the city tested by May 30.

There are few "stock" steels in a Maxwell. Nearly all the steels are special, made to Maxwell's own formulae, and developed in the Maxwell laboratories.

All the experience gained from the building of nearly 400,000 Maxwells, and the study of their use in nearly every country of the world, has been put into these special steels.

They made it possible to build the Maxwell lighter

in weight and to increase its strength. Superfluous pounds thus eliminated from the chassis have resulted in increased ability in performance.

At the same time more endurance has been developed. Thus it becomes obvious why Maxwell has climbed very rapidly into favor the world over.

Nearly 400,000 are now in use; and 100,000 more are being built this year.

## ADVANCE NEW PLAN FOR CITY HOUSING

Officials at Meeting Tonight to Outline Proposal of Building Houses in Blocks of 50.

Another movement has found birth toward attainment of the general desire and pressing necessity in Janesville for more homes, to take care of hundreds of prospective citizens who refuse to come to the city because of the housing situation. The plan will be advanced tonight at a meeting of representative citizens and directors of the Chamber of Commerce. It calls for the erection of substantial homes in units of 50 and at moderate cost from \$200 to \$5,000. About 25 are expected to attend the meeting.

Worked in Many Cities. The idea, has the backing of the American City Bureau. It is said to have worked to satisfaction in a number of cities with conditions which Janesville is now encountering. Burlington, Ia., is one place where the plan was successful in every respect, citizens who have investigated the project, were told by J. C. Chiles, Louis E. Hall, manager of the Modern Housing Corporation, and Manager R. J. Johnson of the Chamber of Commerce, in Chicago yesterday, over the project with officials of the American City Bureau. The plan is the calling of the meetings.

Two A. B. C. Men Here. Samuel Wilson, head of the bureau in the middle western district and D. E. Weisner, secretary, arrived this afternoon to be present tonight and to relate just what is necessary to go through with the movement here.

It is expected that before a definite action can be taken, investigations must be thorough. The purpose of the meeting is for the general feeling out of opinion on the proposal.

"Demands for residence both for renting and for purchase are still coming in to us in large numbers," explained Mr. Harmon, chairman of the committee. "The large number of people we have here at the present time, to something of the hundreds who will come within the next year, will require it."

"Daily the Chamber is receiving correspondence from a number of which inquires as to the conditions which the city is literally inundated with an excess of families who are crying for homes and who are at almost any price, like-wise we have had many letters from individuals who ask for rooms and rent and board."

### YOUNG REVER! RIDES FIERFLY IN WID DREAM

Comes now the time for a boy to take a little ride in a fiery chariot, wide-eyed and full of experience, parading to the man who functioned as a lumberjack, better than a sack of spuds and dump her unbecomingly on the bedroom floor. Ralph Horst, 15-year old son of J. R. Hammond, 1225 N. Vista avenue, had his hallucination last night, although he was in bed at 10 o'clock, after suffering a severe cold, believed to be physical conditions consequent to a fractured arm.

The youngster leaped from his bed to telephone and admonished a "nearby" quick! "phone girl to call me quick! Call me quick! and you hear the flames crackling up stairs."

Whether she did or not, the fire motor came whirling down South Main. "Pop" Hammond came out and stopped them a block from his home, so they would not get stuck in the mud up that way.

### TO INVEST PEISION FUND IN BONDS

Motion of Chief Thomas Morrissey to invest \$2,000 of the police pension fund in bonds, probably Liberty bonds, was passed at the annual meeting of the pension fund committee at the city hall yesterday afternoon. Besides the chief, members of the force who attended were: Charles Handy and George Hampton.

Similar action was taken by firemen's pension fund trustees at their annual meeting, in amount to be invested being \$1,000. Members of the pension fund present were: Chief Con. J. Murphy, Harry Kressin, and C. Ryan.

Mayor Welsh, city clerk E. J. Sartell, and J. J. Lennett, attended both meetings. There was no further business at either.

Two former members of the fire department are now drawing pensions—Henry C. Klein, \$54 per month, and W. A. Scott, \$50 per month. The police pension fund formed in 1913 is paying no pensions.

At the council meeting last night it was voted to flow warrant into and ambulance fund rather than the general fund, because of the taking away of dog license money which has always been the chief source of revenue.

### Lack of Coal Stops Lake Navigation

Cleveland, May 4.—Lake navigation so far is a flop today with the exception of passenger service. No one or other freight was being moved. Crews on all freighters in the harbor had been paid off, according to E. J. Sullivan of the Lake Seamens Union.

Lack of coal and inability to move are because of the switchmen's strike was held responsible for the tump.

## FIRST COLLECTION OF CLEAN-UP WEEK SET FOR THURSDAY

After having piled your rubbish in your corner, you must now make a collection by city. This charge will be made for clean-up week. Chamber of Commerce. Bell, 22; Rock, 123.

The committee for Clean-Up Week, organized by the city, is now working to determine what work has already been done in the matter of cleaning up. The committee is also to discover the eye-balls and the dumpings which serve to deface the campaign and its spirit. More calls reached the Chamber of Commerce yesterday afternoon and this morning so the number of dirt chasers who have deposited their accumulations at the curb line city teams has doubled the total of all yesterday. Indications are that the city employees will have no time to rest when the Supt. of Streets Thomas McKinnis gives the word to start the collections. This will be about Thursday.

## FARMERS ASK RELIEF FROM CAR SHORTAGE

[BY ASSOCIATED PRESS.] Washington, May 4.—An additional appropriation of \$300,000,000 to aid the railroads in purchasing rolling stock to relieve the present freight car shortage was urged by farmers and millers of Minnesota and other northwestern states who appeared before the senate interstate commerce committee yesterday. The bill is tied up on the farms and in elevators that credit of owners is acutely impaired, they said.

Chairman Cummings told the committee that the \$300,000,000 appropriated recently by congress to cover deficiencies in government operation of railroads would be available for freight purchases under plans of the interstate commerce commission.

### KERSTEL WANTS SWIVEL CHAIRS FOR COUNCILMEN

Ten "easy" chairs, one for each member of the city council, were asked for by Ald. Louis Kerstel in a resolution introduced at the bi-weekly meeting last evening. Upon Ald. J. J. Dulin's recommendation the matter was laid over two weeks to obtain prices. The resolution specified swivel chairs. For the specified swivel chairs, the council has been occupying straight-backed chairs during their lengthy sessions. "I'm in favor of that resolution," said Alderman Dulin, "and I think it is going to cost them more than \$50 to \$60 apiece. We used to have swivel chairs years ago but they're scattered throughout the city hall now. They might be picked up and used by us."

## FIX FEES FOR USE OF CITY AMBULANCE

\$3 Charge for Non-Residents and 50 Cents for Residents. in Non-Emergency Cases Voted.

Councilmen settled the much argued ambulance question last night by passing a resolution establishing a scale of fees for use of the machine out-of-town and non-emergency cases. The resolution introduced by Ald. J. D. Horn, is designed to give Janesville residents free use of the ambulance when necessary while at the same time charging a fee for non-residents. For calls into the county outside of the city limits a charge of \$3 will be made, with a fee of 25 cents per mile in addition. This will apply to all cases, whether emergency or otherwise.

No charge will be made for transporting a bonfire or a resident of Janesville, nor in emergency cases arising in the city whether or not the patient is taken to the hospital. Where some other vehicles might be used in place of the ambulance without harming the patient, a charge of 50 cents is to be made for a non-resident, and \$3 for a non-resident.

For example, an Edgerton man struck by a train while in Janesville would be taken to the hospital here without charge. Hurt in Edgerton and brought here on the train to be taken to the hospital, he would have some minor illness or injury which does not necessitate his lying down, he must pay 50 cents for transportation in the ambulance. If the illness or injury is serious, no charge will be made.

All moneys realized from the use of the ambulance are to be turned into the police pension fund.

## PROBE BEST MEANS FOR MORONS' CARE IN CITY SCHOOLS

The feasibility of special attention to feeble minded and naturally backward children in the public schools of Janesville was given close consideration last night when the board of education met. The board of education was informed that the number of morons in the city is large. A feeling of apprehensiveness resulted and considerable discussion was held on the subject. It appeared to be the general belief that some method must be devised to care for the type. President J. J. Hauserman introduced a resolution to confer with state educational authorities at Madison to determine what system has been adopted in other cities where conditions similar to those which Janesville is now experiencing have existed.

C. C. Burnham, clerk of the board, speaking on the matter today said, "We have a number of backward and feeble minded children in the city. Many of them are necessarily kept at home because of their affliction. Of those who are physically, and to that extent mentally, able to attend school, are slow in learning and a source of trouble both to the teacher and to other children. We are now determining what course is to be followed to weed out the backward. It may be possible that a special room and teacher for their instruction may be necessary. Repairs were ordered on a number of school buildings.

For the second time in two weeks a resolution was tabled to support the affiliation of the recently organized teachers' association of some 18 members with the American Federation of Labor.

## CITY TO PURCHASE 2-TON DUMP TRUCK

Purchase of a two-ton dump truck for use of the city street department was authorized by the council last night upon recommendation of Ald. J. J. Dulin and resolution of Ald. E. P. Kelly. Telling of the work trucks do in Chicago's street department, Alderman Dulin said:

"If we were to buy a dump truck, I think it would be one of the best additions we have ever made to the street department. It would save time, money, and labor. The resolution was adopted unanimously and the matter was left in the purchasing committee of which Alderman Dulin is chairman."

## SEEKS \$360 ON ACCOUNT NEGLECT OF CITY IN CASE

Complaining that she and her 12-year-old daughter, Maxine, contracted small-pox through fault of the city, Mrs. Mary A. Elser seeks to recover \$310 from Janesville for payment of doctor's bills, destruction of clothing, and loss of time. The complaint, received by the city council last night, was laid on the table, the customary action taken with a bill which the city does not intend to pay.

Mrs. Elser declares that about February 20, this year, her daughter was taken ill with scarlet fever and that upon physician's advice both she and her daughter went to the city's detention hospital. She said they were put in a room that but a few hours before had contained small-pox patients.

On March 12, she says they were released. Three days later, she was taken ill with small-pox, she says, declaring they must have contracted the disease at the detention hospital.

She asks \$150 for doctor's bill and loss by destruction of clothing and \$210 for her loss of time because of the city's neglect.

Ald. E. H. Ransom recommended that the bill be tabled explaining that the woman want to the hospital of her own will and that the city is not liable.

### FRENCH AND BRITISH TO OUTLINE PLAN OF CONFERENCE AT SPA

[BY ASSOCIATED PRESS.] Paris, May 4.—Premier Millerand is going to London next week to confer with Lloyd George regarding financial questions. It is expected an agreement will be reached upon the action to be adopted concerning the reparations clauses of the treaty of Versailles.

The premiers will also agree on the basis of the discussions to be held with the German representatives at the Spa meeting May 25. To Discuss Treaty Application. The French viewpoint is that they will not discuss the principle of any clause of the treaty and will take up with the Germans only the manner of applying the treaty's provisions. The word "revision" will be excluded in accordance with the firm attitude of the French, but what practically amounts to a discussion of the reparations clause will be discussed in the form of proposed minimum and maximum totals of reparations.

### Public Opinion Modified.

French public opinion, which a year ago would not accept the possibility of Germany not paying for all the damage she caused, is considered now to be prepared to take a more moderate view. They probably will not accept a lower minimum than one hundred billion marks, but are likely to consent to fixing the maximum reparations payable by Germany at 150,000,000,000 marks, which was the limit the American experts reported they found Germany able to pay.

## ALL RETAIL STORES CLOSE SAMSON DAY

The stores will close and the bands will play and there will be a parade and Mayor Welsh will throw the first ball, and J. A. Craig will (attempt) to catch it and his trophy will be about "Play Day" and the Samsons and the Chicago Magnets will go to it.

That's the program for Friday afternoon when the tractor plant team plays its first home game of the season. Its going to be a grand and glorious occasion.

The Janesville Retail Merchants' association set the ball rolling this morning when they voted to close their places of business from 2 to 6 Friday afternoon. Arrangements were made fast. The automobile parade is going to form on North High street at 2 o'clock sharp. Its course will be over to and down Milwaukee street and to the fair grounds.

The Bower City band has been engaged and there will also be a lot of out of town band here for the afternoon.

Mayor Welsh admitted he was a little out of pitching practice, but he will try to hit the ball with a glass arm, yet, and, further, promised not to put too much "stuff" on the spheroid so as to break any digits or embelishments.

What action will be taken by industrial plants was unknown to members of the merchants' association, but he expressed that it would see a general half-holiday in the city Friday afternoon as a boost for fast semi-pro baseball.

Samson starts a game series with the Chicago Magnets here Friday afternoon. The game starts at 3 o'clock sharp. Admission will be 40 cents, including war tax. A record

# and Paint Up

is now the accepted Janesville slogan. It is heard on every hand and in every home. The campaigns, "clean up" and "paint up" has a double appeal. It appeals to one's pride and it appeals to one's pocket. A very small outlay of money can transform most any home into a beautiful place. It appeals to the eye and renders it far more inhabitable and more saleable. The business of buying old, dilapidated-looking structures and repainting them and then selling them at a big profit has been discovered. It is the greatest home beautifier beyond question. It is the best investment an owner can make.

### Yes, we'd pick this paint for your house!

Indeed, we would! If you come to us and say, "What paint is the best for my house?" you'll get just one answer, "Du Pont Paints!"

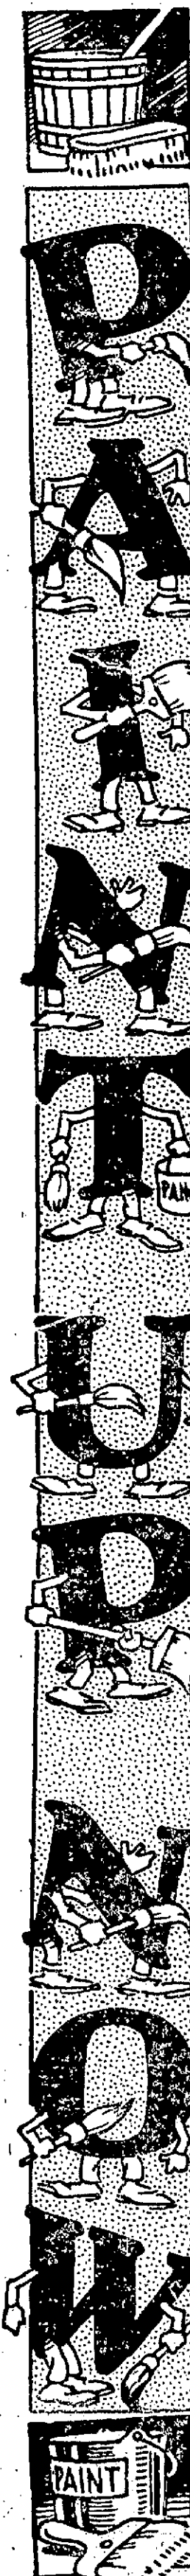

Reason is simply that we know that Du Pont Paints are the best of the 400 makes of paint that are sold in this country. We have sold a lot of them here to people who were painting everything from entire houses to Kiddie Kars, and they carry the name of a great industrial concern that has always been associated with the biggest and best enterprises in the country, a concern that couldn't afford to have its name on any but a superior product.

When we sell paints to you, we have to be sure that you, our customer, are going to get the best there is. We want your trade next year, too. And we'll tell you frankly there isn't any better paint than Du Pont. We have a FULL line here!

## FATTY

Most people nowadays understand that such reduction of weight as may be brought about without correction of the diet or exercise is attained at no small risk to health.

Because alleged obesity cures which involve no dieting or exercise do seriously handicap vital organs and frequently ruin health, it is not surprising that some very fat people readily conclude that all methods of reducing excessive weight are necessarily harmful to health. This is far from the truth. Indeed, the reduction of excessive weight by means of proper restriction of the diet and reasonableness of exercise invariably improves the individual's health and strength and certainly tends to prolong life. The fat diet is the Old William S. Put it in: "Make less thy body hence, and more thy grace."

Leave gormandizing, know the grave danger of obesity, and for thee thrive wider than for other men."

Somehow William S. always says it first, and in my less space than he, I can't help but say it.

Many a fatty goes right on gormandizing, in a polite, conventional way, imbibing the fancy that the more you eat the stronger and healthier you will be. This notion is very popular among the unenlightened. The truth is that the healthiest, strongest, most enduring and longest-lived persons are very moderate eaters, and the big eaters have poor health and poor prospects for long life and above all they lack physical endurance. Only those who eat more than they need can actually become too heavy.

And this applies, irrespective of the capacity of appetite.

For a gormandizer to reduce weight is indeed hard for a gormandizer. But with determination, plus intelligence sufficient to surmount the silly fallacy of "starving to death," any one who is too heavy for age and height may reduce weight with distinct benefit to health.

## The DIARY OF AN ENGAGED GIRL

PHILLIPS

## IS JACK, AFTER ALL, PART BOHEMIAN?

Fell asleep over my diary this morning, so will continue with my description now.

I got a terrible crush on a handsome man who came to the dance at "Paris"—the gentleman who fell so hard for Helen of Troy. My, but this Paris was good to look at, bronzed and very tall, and sort of indifferent to women in his bearing. I always adore this quality in men. He turned out to be the director of that most scrumptious little Greenwich village theater, where everyone goes nowadays for true art and amusement. His name was Harold Metzger, I think; anyhow, he made a grand Paris, danced with him an awful lot; that is to say, as often as I could.

But a dance has a thousand eyes, it would seem, for no matter how cleverly I maneuvered, Jack was always sure to turn up somewhere in my vicinity. I didn't mind so much, because there is not one who will dance as beautifully as he can, bless his heart, and he is so joyful about it all.

I got a thrill when I heard Harry Kemp (the poet who writes for all the world's magazines, and for some of the top-notchers, too) tell some woman he was going to marry the girl who had met the little girl with the jade-green eyes, very much.

It turned out to be me. Jack did not seem so thrilled, but he did not dance with me again, despite the fact that we were both enjoying a rest.

Harry Kemp finally did meet me, and blurted out something about having seen some of my paintings not long ago, in the studio of some friend of his. The friend turned out to be Dorry. Of course this pleased me to death, so we sat down and had a real talk, and I found him to be a real interesting. He is a queer mix-

him for it. They have forbidden my going with him, but I cannot give him up. I love him better than life.

I work very hard at home and never get a kind word or a smile. This boy has asked me to marry him this summer. If I did, could my people compel me to return home? I feel very lonely and desolate.

You cannot marry without the consent of your parents until you are 18. Then you are of age and they cannot force you to return home. I believe you should give up the boy as your parents ask you to. At the age of 17 you are too young to know true love. Besides you are too inexperienced to place a wise judgment upon a person's character. The boy is probably as good as you think he is, but nevertheless it would be better to wait until you are 18. It would be quite out of the question for you to marry him now. Money to support you in these hard times.

When you are 18 years old leave home if you think best. You can get work and can locate yourself where people will want you and will smile appreciation at your efforts.

Dear Mrs. Thompson: I am in love with a boy who works at the same factory I do. He is keeping company with another girl, but I don't think he loves her. He acts at times as if he really cared for me. How can I make sure?

If he really cared for you he would relieve your mind of doubt by asking to call or to take you somewhere. There is nothing you should do to make him show more interest in you. Dear Vawter tonight at Presbyterian Church.

UNUSUAL MEAT DISHES  
Pork, Ears With Noodles—Scald four pork ears and then put them in a stew pan with cold water and boil till tender. Fry until brown two large onions in two tablespoons drippings, add pork ears and brown.

Cook the ears very slowly in slightly salted water with a few pepper corns and allspice until tender. Cook a red cabbage until tender. Of course I loved it—it was so daring; and besides, anything goes at a true Greenwich village ball.

Even Jack only laughed as I was borne away and that was noble of the dear boy, I think.

The ball ended in a grand riot of courted and color and much hilarity. And Jack had to actually pick me up and carry me in his arms through the mad crowd to the cloak room. It was a relief to see him go.

One-half loaf of stale bread, break in small pieces, pour over it one cup milk, one-half cup of hot water. Salt and pepper to taste. Sauté one-half tablespoon, two onions chopped fine, one-half apple, chopped fine, one pinch of soda, one tablespoon of butter substitute, mix well and stuff hearts. Place them in your roaster, pour over them two cups of water and one-third cup of tomato juice, season with salt and pepper one-half teaspoon of brown sugar. Bake two hours with lid on roaster, serve with a gravy made from the stock. The tomato kills the flat taste hearts and tongues have.

Liver Dumplings—Buy two pounds of liver, put through food chopper, add two onions chopped very fine, add one-half teaspoon of allspice and one pint flour with one and one-half teaspoons baking powder. Then mix in this enough cold water to make a stiff dough. Bake two hours with lid on roaster, serve with a gravy made from the stock. The tomato kills the flat taste hearts and tongues have.

Hint for Frying Doughnuts—Have a pan of water boiling beside your kettle of grease. Dip each doughnut quickly in the boiling water as you take from grease. You will never have greasy doughnuts, and it's quite a saving in grease, as you can be skinned from grease when cold.

When Making Pie—Save a small piece of dough and if pie boils over in the oven use dough as a patch; it can be removed when pie is taken from the oven.

To Prevent Sogginess in pie crust make a thickening of water and flour (not to thin), put on crust, bottom and sides, before putting in filling of any kind. Will find it will always prevent sogginess providing the pie is put in a hot oven five or 10 minutes, then heat lowered if too hot.

Magical Home Baking

New York, May 3.—If over eight thousand women called at your door and each one left an original home baking recipe, think how wonderful that would be!

The pick of over eight thousand recipes is available to you, however, for the asking. Several years ago this number of recipes was submitted in a prize contest. One of the conditions was that recipes should be practical, original and not found in cook books.

Some of the best-known cooking authorities of the country selected two hundred and fifty of these as being the most practical, economical and attractive recipes for home use.

This prize list was published as the Ryton Baking Book. Its effect upon the women of America was astounding! Today over two million homes are using this national manual of baking. Two million housewives are not only learning the secret of creating original recipes for their tables, but also, through the use of Ryton, the Perfect Baking Powder, according to the modern scientific level measure recipes in the Ryton Baking Book, they have mastered the magic of making their baking turn out just right every time. For Ryton, used according to directions, takes the "guess" out of baking.

## LAKOTAS BOOST SAMSON TEAM

Assure Big Plant Ball Players of Support to Make Season Success.

Serving to knit more closely the determination of members of the Lakota club to back professional baseball in the better class to the limit in Janesville, the club turned out last night 100 percent strong to greet the Samson ball players at the home of the tractor plant's athletic association and entertained them at open house at the Tropicopolitan hall. There was a talk show, a program and a sumptuous lunch with all the "fixings".

Vice-president Harold Schwartz of the Lakotas, commencing the activities with a brief address, welcomed the Samsonites with assurances that the club will back the team to the limit.

Asks Local Support. J. P. Little, assistant factory manager of Samson, and director of the athletic association, reviewed the past winter in local sports, asked for the support of the club in its organization, work and social lines in the future, and declared that the big Samson family is going to have a first-class ball team, but that the organization must have support to be successful. Athletic activities, he explained, are not a business proposition with Samson. He said that a co-operative spirit and the work of individuals have given incentive to the team.

L. A. Markham, head of the personal department, wasn't so bad with the Scotch jokes he told to illustrate his optimistic view of the team's fifty-fifty break-up. The two week-end games at Chicago and the continuation of conditions of last Saturday and Sunday when the artists trimmed up the team at Chicago seem on the verge of a new lease of life.

Perring After New Blood. Manager George Perring had to go into detail as to the number of good men lined up and that every effort is being made to get them and to put the Samsonites into the best of the country. Janesville will have opportunity to see the team in action at least 20 times this season. He explained. Until the latter part of June there are all home dates. After that the team will alternate at home and on the road, seeking new fields to conquer.

Ed. Leary took repeated calls with his vocal cords. The Lakota club, he stated, Ben Kutzler at the piano, Oscar Hoel having left for a road tour with the Frisco Jazz band, synopsized a few and were led back for more. Ray East, with Babe Miller at the music box, jugged his pedal extremities to the satisfying delight of the audience and showed several new stunts for a second number. Dr. Irving Clark, famous as the bally-hoo man in the circus scene of the Lakota Follies this year, and "Crazy" Casey at the piano, like De Wolf Hopper used to years ago. So realistic was the effort that Doc's bleachers were ready for the severe lung stretch as he sent forth the mighty Casey to the plate. To still the applause after Midville lost, Doc had to shoot Dan McGrew.

## DODGERS NEW RECORD; CHICAGO NINES WIN

**NATIONAL LEAGUE.** Brooklyn captured a new major league record of 58 innings in three consecutive games as the result of its 10 inning game which the Dodgers lost to Boston yesterday, 2 to 1. Pittsburgh and Smith pitched all the way and the honors were about even until Smith weakened in the nineteenth. Pidding was a plant except in the fifth when O'Neill's wild throw gave the Superbas their one run.

Chicago won both games of the new double header of the season at Cincinnati yesterday, 2-1 and 6-0. The Reds got only one run off Vaughn in the first; Alexander held the scoreless in the second.

Nehf was slammed over the field yesterday by the Phillies, who beat the Giants 9 to 5, taking the third straight from New York.

**AMERICAN LEAGUE.** The White Sox found Schorron's deliveries easy yesterday as they defeated the Browns, 7-1, for the third consecutive time.

Excellent hitting and bunched hits when they were needed broke Detroit's long losing streak and the Tigers won from Cleveland, 5 to 1. The Indians used three pitchers, Morton, Murchison and Fuchs. The New York Yankees and won, 3 to 1.

Knocking Martin and Hasty for the mound in the first, Washington won easily from the Athletics at Philadelphia, 11-6. Courtney was forced out in the second and Snyder took his place for Washington.

**AMERICAN ASSOCIATION.** With a crippled team backing him, Lou North took to the mound for Milwaukee yesterday, and although St. Paul hit him for only five safe smashes, the final score was 4-1 in favor of the Saints.

## "Y" TENNIS COURTS TO BE READY SOON

Work on getting the tennis courts of the Y. M. C. A. on West Milwaukee street in shape started Saturday. The fences and supports were put in after a winter of hard storms and rough usage.

It was stated at the "Y" today that in about two weeks the courts will be rolled down and in such shape that they may be put to use. While they are intended mostly for the members of the organization, it was pointed out that plans are to permit the general public, including women and girls to make use of them by payment of a small fee.

## McLELLAND PAYS \$35,000 FOR JOCKEY

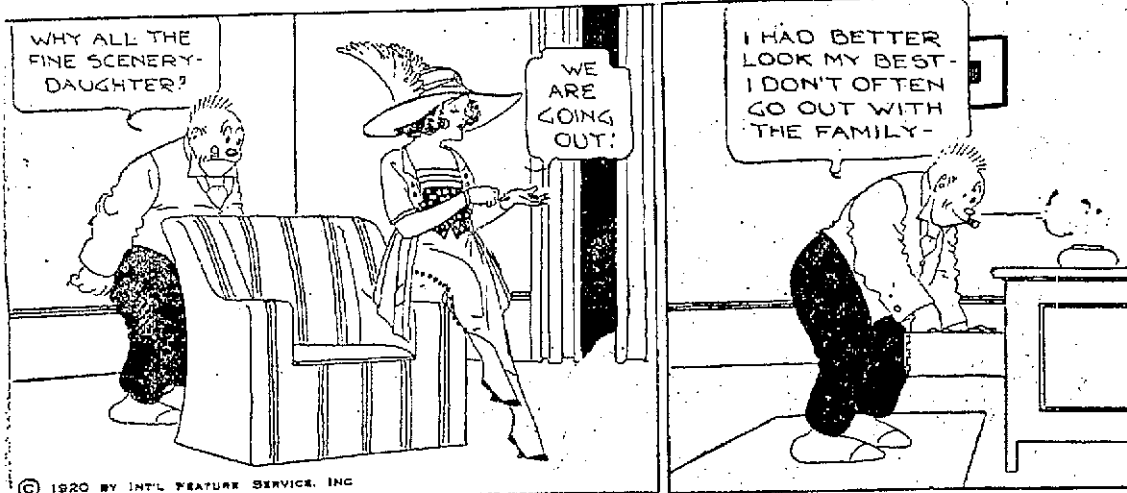

Louisville, Ky., May 4.—J. W. McClelland, New York turfman and breeder, today purchased the contract on Jockey Cliff Robinson, former American Jockey in 1919, for \$35,000. D. B. Lester, from whom the contract was purchased, paid \$20,000 for it a year ago. It had two more years to run. Robinson doubtless will ride Prince Pal, the McClelland & Sims' entry in the Kentucky Derby Saturday.

## Fight Decisions

Memphis, Tenn.—Pat Moore won a close decision over Jack Wolfe in a fight here last night.

Paul, Minn.—Law Tandler outboxed Johnny Timmer in a 10 round fight according to newspaper men.

## FROSH KNOCK HAGER OFF MOUND; LOSE TO JUNIORS, 18-16

Knocking Hager from the mound in the second inning, and smashing across two home runs, the freshmen of the high school yesterday afternoon lost to the juniors 18-16 on the fourth year diamond. Hager was withdrawn when the fresh started banging him around at will. The freshmen made 10 runs in the fourth yet failed to win. Raubacher went in as a relief and although he pitched for six innings, he went wild and was knocked around the lot with perfect ease. Then Hager went back in and for the final inning held the freshmen scoreless.

Dawson pitched a steady game for the lower classmen lasting for the entire contest. While he was hit in bunches at times, he kept cool and managed to finish fresh.

**Make Home Runs.** Crowley made the first homer for the fresh. With Clark on first base, where he had advanced on steals after hitting safe at first, Crowley smashed a hot liner down right field scoring Clark and himself. The other circuit swinger came in the sixth frame when Simonson circled the bases with no one on.

Meek pulled the star play of the game. Catching a fast fly to center field, he whipped the pill over to second in time to kill a runner there. Clark snatched a foul fly, third after making a dash of 25 feet to get under it.

The score: Freshmen 18; Juniors 16.

**TEENIES BEAT GIANTS, AGAIN; BIG SCORE, 20-5**

With Miller allowing only two hits Janesville Teenies walloped the Springfield Brook Giants yesterday 20 to 5 for the second win in two weeks. The Teenie pitcher allowed three pass balls and struck out seven. While Kahn permitted 11 hits, four passes and fanned four.

The work of the Teenies forced Kahn from the box to be replaced by Jaeger in the fourth.

Score: Giants 5; Teenies 20.

Batteries: Kahn, Jaeger and Fullerton; Miller and McGill.

I came upon a bed of tulips in the night. Pathetic things they seemed, alone, ghost-white.

But when I passed them in the busy day. They flashed their scarlet petals, brazen gay.

The moral's clear: Wordsworth could write a bit Of stuff like that and get away with it.

They try to make out that women are more glib than men. "Beauty," and yet you never saw one that would make the bank's word as to her balance in the face of own memory.

## HILGENDORF'S DOGS TAKE BIG PRIZES AT MILWAUKEE SHOW

King and Yankee Beauty, Boston terriers, owned by George Hilgendorf, 1115 West Bluff street, this city, carried off high honors at the show of the Wisconsin Kennel club just closed at Milwaukee.

King walked away with two firsts and a second, while Yankee Beauty captured two seconds. King got its blue ribbons for first in dogs under a year and in the novice class. His second was for Wisconsin dogs. Yankee's seconds were awarded in the class of limited dogs and for Wisconsin dogs.

It is the fourth prize won by Yankee Beauty in the past month. He won two firsts at Chicago early in April, one for novices, the other for dogs under a year.

## ROAD TO FIUME IS SET WITH TRAPS TO CATCH ADVENTURER

(BY ASSOCIATED PRESS.)  
Trieste.—The road to Fiume is set with "traps" to catch the wandering adventurer. Nine posts of carabinieri are placed along the way of 48 miles from Trieste, and passports and other documents are examined with the closest scrutiny at each. An automobile cannot pass the post unless the man on watch has consented and raises a wooden gate similar to those at an American railroad crossing.

route and two on d'Annunzio's side. There are three within five miles of Trieste and the remaining four are scattered at about equal distances apart for the rest of the way until the post's frontier is reached. At the post's frontier the regular carabinieri seek the view of the local zone guarding the arms-laden line and if the traveler has not got it, he is sent to the headquarters of the nearest carabinieri command, which is located at Abbazia, two miles away.

At Abbazia, the wanderer to Fiume must satisfy the carabinieri officers, who are the military police of Italy, that his mission to the poet's stronghold is legitimate, otherwise the visa is refused. The visa given, one must return to the last post on the frontier for the final examination before being admitted to the No Man's Land between the two forces. The crossing of No Man's Land is made especially romantic by the nature of the terrain, which is woody and rocky and situated on a hill running down into the sea. The two frontiers are marked by stone walls and barbed wire protruding on the road at short intervals so that an automobile must twist and turn to evade them. Speed is thereby rendered an impossibility.

Baggage Is Examined.  
Reaching the d'Annunzio lines, a careful examination takes place of the mission and questions are asked about "What are you doing here?" Baggage is examined and here the money looked for because of the recent falsifications of banknotes in the city. The word is given to "go forward," and then one passes for another examination along practically the same line to another group of d'Annunzio soldiers perhaps a hundred yards from the first. After passing this there are no more examinations or posts in the city, except at the stations and wharves.

More Inconvenient by Rail.  
By rail the journey is even more inconvenient. The train takes five hours to do the 48 miles. Carabinieri travel aboard it and make a minute scrutiny of their charges. At Abbazia, all must detain, bag and baggage. The baggage is given a thorough search by the armed custom-house guards. Then the passengers to Fiume are ushered into another room where they are searched. At Fiume d'Annunzio's soldiers conduct another examination. When d'Annunzio first entered Fiume, no one was allowed to pass into the city, and guards day and night. Today, even searchlights play upon the various approaches to prevent anyone "running the guard line."

## AUSTRALIAN TARIFF IS ONLY STARTER

(BY ASSOCIATED PRESS.)  
Sydney.—The proposed new Australian tariff is not intended to encourage manufacturers in "slothful ease" or to enable them to operate on any other basis than merit, declared Prime Minister Hughes at a luncheon given here by the Australian Industries Protective League.

"The manufacturers of Australia," he said, "must take advantage of the opportunity which now unfolds itself before them. The government intends to lay upon the table of the house a tariff bill which has been carefully prepared with the deliberate intention of encouraging effectively the industries of Australia; but I want to tell the manufacturers that they must not think to find a safe and permanent shelter behind the tariff wall."

"You must live on your merits. The manufacturers of Australia must realize, as some have already done, that the duties are imposed by the sparseness of our population. They must build their plants with the full intention of competing in the markets of the world. The tariff can set you on the road; but you must walk alone."

tract was granted to Charles Enslow of the Utilities Manufacturing corporation. The following corners were named:

Main-Court; Main-Milwaukee; Milwaukee-High; and Milwaukee-Academy. The posts will be erected without cost to the city. They were to have been put up several months ago, but inability to secure electric lamps suitable for handling the existing current prevented. Mr. Enslow states. He says he has now secured oil lamps which can't be easily brown out.

Kenosha—An old adage declares that "a fool and his money soon parteth."

Anyway three Kenoshans lost their money faster than a laces time to tell it last week when they invaded the Chicago "hood" and were taken to the big city to get their supply of private stock in this city. They left the city gaily, so the cops said, in a 1928 Buick sedan and driving a

the truck and climbed into their places. They started the motor and away they went, waving to the Kenoshans in bewilderment.

The third Kenoshan hurried out of the office and took a taxi to the next morning detectives found the truck and the sedan in the city of Chicago, but the plain clothes men with the silver stars were no-

The story is pointed to by Kenoshans as an explanation as to where some of the unexplainable supply of liquor, said to be in this city, had come from. One of the men reported to be interested in the case, is a well known liquor dealer in Kenosha and the other two are known to have been with him "on business" in Chicago early this week.

Horton—A high price for a Wisconsin farm was paid by Frank Fisher, who has just purchased the Herman Manucler farm. The farm is 40 acres, situated in the best farming district of Dodge county, three and one-half miles west of the city. The price was \$375 an acre exclusive of the personal property which brought an additional \$1,500. Other farms in the county sell for an average price of \$200 an acre, and a few of them sell as high as \$275 an acre.

New York, May 4.—Thomas W. Simpkin, who shot and killed Dr. James J. Marcoe in St. George's church here a fortnight ago, was committed to the insane asylum at Matteawan Monday. A lunacy commission reported that the man was insane. Percy A. Simpkin, Astoria, N. Y., testified his brother said he was going to "get Morgan" and had bought a gun in Chicago.

## LEE OPPOSES BELEY FOR COUNTY CLERK

While Mr. Lee would not make a "official statement, he did say that he would contest the opposition which he will have by the entrance of Sheriff Fred Beley into the field.

A May Dancing Party will be given Tuesday evening in Eagle's hall by the F. A. U. Lucht's Orchestra. The public is invited.

## BANKERS DISCUSS MEANS OF LOANING MONEY TO FARMERS

Madison, May 4.—Six companies were added to the Wisconsin National Guard during April, the infantry being at Wausau, Marinette, and Waushesha; troop of cavalry at Stanley and machine gun troop at Milwaukee, and a company of the ammunition train at New London.

A waiver has been received on the time companies must be organized.

[BY ASSOCIATED PRESS.]

Washington, May 4—Ways and means of meeting the demands of farmers for government loan through the farmers' loan system pending rehearing by the supreme court of the suit testing the constitutionality of the farm loan act were discussed Monday at a conference of farm loan board members.

The board suspended the making of loans except on applications already approved early in January. Available funds have been exhausted.

up for the first week in June, Sheboygan companies at Neenah, the latter companies and Rhinelander, the latter company having gone over the top despite the timber union strike. Among the organizations that got behind the latter company was the Rotary club, each member having signified that he would personally go out and solicit men to join. In three days 25 men enlisted. Fond du Lac is also nearly ready to be mustered with its new company.

The board suspended the making of loans except on applications already approved, early in January, when available funds have been exhausted and further loans made impossible without the sale of more bonds. The board has not deemed it wise to offer them on the market as the legality of the issues are involved in the pending litigation.

Congress has before it a resolution of Representative Ferris, which would make funds available through the purchase by the treasury of new issue of farm loan bonds.

Repealing of the farm loan sus-

is not contemplated by the supreme court before fall.

The largest stores in the great cities show nothing finer in furniture than is here now for your inspection. If words only could picture the superb richness and beauty of the many charming period designs now on our floors--but they can't--so we ask you to come in and look around, no obligation. When you can obtain identical designs and equal quality here--at prices most likely much lower than big city prices--it would seem wise to choose at home, wouldn't it? You are only asked to compare quality, designs, and prices--then decide--and we know you'll buy here.
